Dear Recruiter,

Since I was young, I have been inspired and driven by computers and technology. I found computer technology striking and fantastic, it keeps this world spinning in a new direction. I love cutting-edge technology, I love how the grain of sand can create silicon, Logic gates, circuit board PCB, and become the chip that powers the computer. I am amazed at how everything comes together and creates innovation such as a computer.

I am writing this because I want to get an opportunity to work with cutting-edge technology companies. Being able to work in a fast-paced technology industrial has been my long-time goal and my passion, I want to be part of the next innovation, something that benefit humanity in the future, something that elevates our lives into the next stage. I believe that I am capable of Computer engineering and Software work. With my abilities in various programming and circuit analysis. I do believe I belong here in the industry. Although I still do lack professional experience, I expect to gain while I am working with you every profession engineer. While I was attending community college and university, I did get an opportunity to work in various fields such as a small coffee business (Volcano Splash Drinks) as a barista and cashier, a POS card payment system (Amber Systems Technologies) as a Front-End Software developer and Unix design, and IT technical at Mountain Cascade, Inc. I gained so much knowledge working in this field, and many things overwhelmed me differently, but it makes become a better person, and a better worker under any pressure and circumstances.

Thank you for the time to read my paper. I appreciate your consideration of my application. I would like to meet and discuss this further in person. My phone number is (209)- 407-9730 and my email is [nutthawat.panyangnoi@sjsu.edu](mailto:nutthawat.panyangnoi@sjsu.edu), [nttw648@gmail.com](mailto:nttw648@gmail.com) or [Panyangnoi.nutthawat@gmail.com](mailto:Panyangnoi.nutthawat@gmail.com)

If there is any question about my resume, please do not hesitate to contact me. Thank you for the opportunity, I look forward to hearing from you.

Sincerely,

Nutthawat Panyangnoi
